DIAMOND DRILLING SET TO COMMENCE IN QUEBEC

Advanced Quebec Gold and Copper-PGE-Nickel focused explorer Chase Mining Corporation Limited ("CML" or "The Company") is pleased to announce that Chibougamau Diamond Drilling Ltd (CDD) will be mobilising a drill rig on Monday 22 June 2020 (Quebec time) to commence the Lorraine Gold (ASX Announcement 9 June 2020) and Alotta Copper-PGE-Nickel (ASX Announcement 15 June 2020) Projects' diamond drilling programmes.

The Company will confirm on Tuesday 23 June 2020 which Project will be drilled first. Approvals are in place for Alotta, but COVID-19 restrictions have delayed the Lorraine permitting procedures and approvals expected last week. If that is received early enough on Monday, the rig will go to Lorraine first as planned.

Authorisation
